ENJOY SENSITIVE

Your Signature Scent, Made in Italy

ENJOY SENSITIVE

Enjoy Sensitive is a simple scent diffuser, with an Evaporation technology and a practical mobile system with a column shape, easy to transport.

It is made in shiny and dark silver, white or black varnished metal and it blends in with any type of interior design.

With a scent coverage up to 300 m3, it is the ideal solution for smaller hotels, retail stores, smaller brand environments and private spaces.

Just with the touch of a button, it gently fills the brand environment with your custom scent. Select the right program, schedule the scent diffusion times and intensity and enjoy.
